EQUIPMENT: COOLERS

MODEL: VRD-14, VRD 18, VRD 28 Y VRD-42

BENEFITS

ENERGY SAVER:
Thanks to its refrigerant system, its insulation and the three pane glass on the doors, the TORREY display coolers guarantee big savings on energy.

ENVIRONMENTAL CARE:
The coolant used on TORREY products is CFC's free, which will not damage ozone layer.

GUARANTEE EXCELLENT PRODUCT PRESENTATION:
The three pane glass doors of the TORREY coolers, besides duplicating insulation, avoid condensation on the doors under normal conditions of humidity..

TORSION BAR SYSTEM ON THE DOORS
Door(s) feature(s) torsion bar system which automatically closes the door(s) saving energy and reducing compressor's effort.

SMART TEMPERATURE CONTROL:

GREATER SAVING OF ENERGY:

With the SMART TEMPERATURE CONTROL the equipment only works when it is necessary, it has temperature sensors, it assures that the product is to required temperature.

NIGHT ENERGY SAVER OPTION:

The SMART TEMPERATURE CONTROL has a light sensor which saves energy at night, the machine is stopped by long time. Also at night the lights turn off automatically.

MESSAGE CENTER:

The new control counts on a message center that show in the LCD screen the most common incidents like low voltage, high voltage and the door is open by long time, this to prevent critical damages.

3 OPTIONS:

ON MODE: The cooler lights remain ON, and the equipment works in a rank of 35°F +/- hysteresis.

OFF MODE: The cooler lights remain OFF and the LCD screen is lighting.

AUTO: If the equipment is in AUTO MODE, in the day the cooler's light are turning on, but at night automatically are turning off, and increase the rank of rest machine, saving energy.

STAINLESS STEEL FLOOR:

Stainless steel floor for sanitary operation and resistant interior and exterior finishes for the best presentation and a long lasting sanitary operation..

THREE PANELS OF GLASS:

Three panels of glass provide two insulated spaces for twice the insulation value and minimized condensation for an

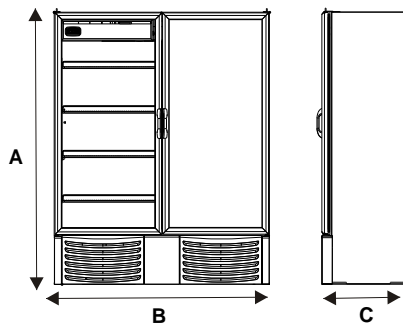

ADJUSTABLE SHELVES:

Extra heavy duty adjustable shelves designed to create the ideal space for any size arrangement and optimize internal space.
